

LIGHTING THE SUNSHINE STATE

A COLLECTION OF FLORIDA PROJECTS TO INSPIRE

2024

Manufactured in the USA

Founded in 1843, Spring City remains headquartered in Spring City, PA at their original foundry. Spring City's operations are all located within one facility, consisting of a productive foundry, innovative engineers, a passionate sales force, and industry experts committed to providing you unparalleled customer service. Together, our team is constantly challenging competitors in the market with our innovative LED products that are always evolving to achieve industry leading performance.

Our unmatched products are cast on-site, ensuring utmost quality control and on-time deliveries. Our team will provide you with continuous communication throughout your project progression and will coordinate with project contractors to ensure a successful installation.

Throughout Spring City's 166 years of operation, our collection of superior patterns has grown to more than 6,000 molds. These patterns construct the products within our site, as well as products available via special request.

San Antonio Luminaire | **Regency** Cast Ductile Iron Pole
Florida, United States

World Equestrian Center - Ocala

The World Equestrian Center located in Ocala, Florida is the largest equestrian complex in the United States. It includes everything from indoor and outdoor arenas to onsite lodging and shopping. Decorative street lighting is used to illuminate the various paths, courtyards, and meeting areas around the campus to create both a professional and welcoming environment

West Melbourne

Lechmere LED Luminaire | New York Standard (M) Cross Arm | Parkwood Flat Flute Light Post
Florida, United States

Located along US 192 that runs through West Melbourne, you will find this popular Florida highway illuminated by Spring City's Lechmere luminaire atop the Parkwood post.

Rollins College

Yorktown Dark Sky Luminaire | **Vineyard Single Wall Bracket** | **William and Mary Luminaire**
Florida, United States

Rollins College is setting a new standard for college living with their Lakeside Neighborhood. Centering around community and personal wellness it offers lavish student apartments along with outdoor meeting areas, and a pool. Spring City's Yorktown and William & Mary dark sky luminaires line the living space near the pool and on the outside areas of the dorm. The dark sky luminaires eliminate up-lighting around both the dorms located on the second and third level, but also help reduce the overall light pollution in the area. They truly retake the night.

Custom Luminaire and Cross Arms
Florida, United States

City of Celebration

Originally founded by the Walt Disney Company in 1996 as the ideal concept of “New Urbanism” the community is now entirely privately owned properties. It maintains a small town feel with plenty of walking paths, trails, brick lined streets and bakeries while being close to most amenities from food to medical. Spring City custom Disney A1, A2, and B1 decorative luminaires with A2 cross arms line the town providing a well-lit and safe atmosphere with a colorful and playful powder coated paint.

Disney Grand Floridian Resort

Manchester LED Bollards
Florida, United States

Located one stop from Magic Kingdom, Disney's Grand Floridian Resort charms all with its elegant appearance combined with modern sophistication. When Disney Officials needed lighting to accompany their various walkways around the campus while maintaining the Victorian aesthetic they looked to Spring City. The Illuminated Manchester Bollards with added outlet covers were the perfect fit, painted in the classic Disney green and providing soft white LED Lighting, evoking memories of the golden era of Palm Beach.

Royal Palm Beach La Mancha

William and Mary LED Pendant Mount Luminaire | **William and Mary Medium LED Luminaire**
Florida, United States

One hour north of Miami lies the beautiful village of Royal Palm Beach, known for its natural beauty and expansive parks it's certainly not a place to miss for nature lovers. Used as a starting point of the journey west for those wanting to explore the Everglades Palm Beach has over 350 acres of parks with 29 miles of waterways and over 800 acres of the protected natural area there are many areas to hike, boat, and explore in the area. The La Mancha community in the northwest of Royal Palm beach uses Spring City pendant mounted William and Mary luminaires to light up their roads!

Delray GR18 *Luminaire*
Florida, United States

Delray

Over the past 8 years, Spring City has been the approved standard for Delray Beach, FL. With over 450 of our LED's lining their streetscape, our quality and evolution of technology have resulted in an abundance of business with the city. From highways to residential neighborhoods and town streets, you'll find our Delray luminaire atop a variety of different poles. We are very enthusiastic to continue working with them on future projects!

Disney Riviera Resort

Mount View Lamppost | **Washington 199** Luminaire | **Washington Tampa** Bollards
Florida, United States

Located right next door to Epcot and Inspired by historical European architecture the Riviera Resort blends European historical architecture with Disney Icons. Disney engineers worked with Spring City to provide time period based decorative LED luminaires, poles, and bollards to line their resort. The blend of modern and historical fits right in place with the atmosphere while providing the convenience of modern technology.

Fort Lauderdale

Delray GR18 Luminaire
Florida, United States

Fort Lauderdale, just north of Miami, has become an increasingly popular tourist destination over the past couple of decades. With beachfront lining its entire east side, the downtown district hosts various forms of business, art, events, and more. Being such a large hub for tourism annually, both the appearance and functionality of their streetscape are highly valued. Spring City worked closely with their team to create an ornate fixture to complement the aesthetic of the area as well as provide the most advanced LED technology to promise a safely illuminated nightlife. Ameron's concrete post compliments this project perfectly in this coastal climate.

Ranch *Luminaire*
Florida, United States

Del Webb

Del Webb community homes offer upscale retirement communities across the country. Spring City teamed with the Ponte Vedra location to bring them a trusted LED system, while still maintaining their coastal aesthetic.

Spring City Electrical Manufacturing Company

One South Main Street

Spring City, PA 19475
